

Fixed height Platforms, Work Access Stand

Model 04-6003

These are sturdy ladders, easily movable and can be made in different heights. These have previously been manufactured for Air Craft Manufacturing Factory Kamra and have following features:-

- Heavy duty, has non-slip steel grip-strut steps and platform supported by a rugged steel frame.
- During transportation, four wheels lift the ladder with a help of lever which make maneuvering very easy.
- 30" guardrails have been provided for safety.
- Steps: 7" deep
- Finish: As desired by client

Part No	Height	Size	Base Dimensions (W x L)	Steps	Weight	Load Capacity
04-6003-6040	40"	10" x 32"	32" x 33"	4	71 lbs	300 lbs.
04-6003-6060	60"	10" x 32"	32" x 46"	6	136 lbs	300 lbs.
04-6003-6080	80"	10" x 32"	32" x 58"	8	184 lbs	300 lbs.
04-6003-6011	110"	10" x 32"	32" x 78"	11	241 lbs	300 lbs.

C1 Platform

. It is a fixed height platform (non-adjustable) 4' x 7' work platform. The platform has non-slip steel grip-strut steps. It has wheel base of 45 Inches; with Tubular Framework.

- Heavy duty, non-slip expanded metal steps and platform supported by a rugged steel frame.
- Heavy duty casters for easy maneuvering.
- Railing height: 36"
- Finish: As desired by client

Part No	Platform Ht	Platform Size	Base Dimensions (W x L)	Steps	Weight	Load Capacity
04-6004-6348	84"	48" x 45"	48" x 62"	5	90 Kg	500 lbs

Model 04-6004

This is a one-piece, welded steel work platforms designed for safe access to required work levels. These have previously been manufactured for Air Craft Manufacturing Factory Kamra. These have following features:-

- Heavy duty, non-slip metal steps and supported by a rugged steel frame.
- Heavy duty casters for easy maneuvering.
- Railing height: 36"
- Step dimensions: 7" deep, 36" wide
- Finish: As desired by client

Part No	Platform Ht	Platform Size	Base Dimensions (W x L)	Steps	Weight	Load Capacity
04-6004-6348	30"	36" x 48"	40" x 62"	3	141 lbs	600 lbs
04-6004-6548	50"	36" x 48"	40" x 76"	4	199 lbs.	600 lbs
04-6004-6748	70"	36" x 48"	40" x 96"	7	205 lbs	600 lbs

Specialized platform design services are offered for any peculiar needs. We can develop on a concept or can be manufactured on already approved drawings. We have made various other ladders also which have proven their reliability. The materials used meet the strength requirements of each design. The platforms are surface treatment to customer requirement/color. If required, we can manufacture them with high-grade, aluminum alloy that never needs painting. Platforms and ladders can be made of non-welded construction, for ease in making repairs. Manufacturing is done to high standards of workmanship. Conformance to the specifications is ensured for all procured materials. A qualified and trained team is responsible to control the quality during production to ensure laid down quality standards and conformance to specifications.
